270 ACRES CLOSE TO CASINO

This property has plenty of potential with its 270 acres of grazing land that can be subdivided in the future. The land is gently undulating, has a good set of stockyards near the road, plus an abundance of water from springs and dams.

There are several high building sites with views and power will be available before settlement, which is going to be around November this year.

Position is the key with this property which only around 12 minutes out of Casino and runs around 70 cows and calves.

If you are looking for a good grazing paddock to run breeders or background some steers or heifers then look no further as land is getting harder to find.
