Lots 393 & 394 Gorge Creek Road, Kyogle

GORGE CREEK VALLEY

Gorge Creek consists of 606 acres grazing country which is situated right at the end of a very private valley.

The property has a good combination of grazing country to run around 80 heifers and has some unique stands of rainforest and hardwoods scattered all over it.

The land itself goes from undulating valleys to a steep cliff face which becomes a natural boundary and has Gorge Creek running through the centre of both lots.

Improvements include a handy set of stockyards with a head bale plus a separate loading yard for the cattle and all the fences are in good condition.

There are 3 dams, Gorge Creek, 7 water troughs and a solar electric fence system both for internal and some external fences. Both titles have building entitlements.

Gorge Creek has been in the one family since 1948 and this is a grand opportunity to invest in a cattle and lifestyle property close to Brisbane.
